

Alumni of Victoria Plus share why you should join the programme

Leadership

"The programme has been truly rewarding. I've led clubs and teams, attended seminars and forums, and collected for charities all over Wellington. Through it all, I've developed as a person and as a leader."

"Participating in a wide range of volunteer activities has enabled me to develop a new skillset that I can transfer to my future endeavours."

Employability

Apply your skills

"It is truly a privilege to be able to use the skills university has given me to help others. By mentoring other students and helping the most vulnerable in our society I have learnt the value of what I'm studying and how I can use it to make a positive impact in society."

"Joining Victoria Plus was the best decision I took after starting University. It has helped me grow as a person. It has made me more confident in my interactions with people and has really helped me broaden my outlook."

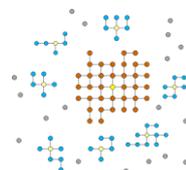

Build confidence

Reflect

"The reflective nature of Victoria Plus has provided me with the opportunity to fully reflect on my time at Victoria. It has been incredibly rewarding to see that I have been a part of changes that affect other people's lives."

"I joined Vic Plus to make connections with other students, employers and people in Wellington. I'm leaving Uni with a big network of connections"

Build networks

Make new friends

"The Victoria Plus Programme provided me with an opportunity to settle into a country and environment in which I was a complete stranger. I met new people and made friends with other like-minded students."

"I'm not exaggerating when I say that Vic Plus has changed my life. I have gained confidence, motivation, new skills and real world experiences that have helped me to get a full-time paid internship that I would never have attained before doing this programme."

Open doors

Have fun

"The programme has brought me great joy and I am grateful for the opportunity to develop myself."

"I came to Uni with little to show other than my grades. I'm leaving with a wealth of experience; from leading a club to volunteering on campus and in public. I have pushed myself out of my comfort zone and grown so much as a person."
